

## Specification Sheet

Displacement                      2755

Number of cylinders              4

Maximum power  
(kw/rpm)                              150/3400

Maximum power  
(bhp/rpm):                              201/3400

Maximum torque                      420/1400-  
(Nm/rpm)                              3400

Electrics (volts)                      12

Fuel Type                              Diesel

Fuel tank capacity  
(Litres)                              80

### Engine related standard features

Clean air filter                      Fuel filter

Differential - auto  
disconnect                      Fuel heater

Differential Lock - rear      Fuel sedimenter w/warning buzzer

Dust protection      Fuel tank protection

ECO drive mode: ECO+PWR S/W      Intercooler

Emission Controls - EURO 2 (w/o OBD detection)      Pitch & bounce control

Engine coolant      Stabiliser bar - front

Engine oil cooler      Switch tronics - sequential 4WD Lock

Drive      4x4

Transmission      Automatic

Speed      6

Front suspension      IFS Coil

Rear suspension      Rigid Leaf

**Front brakes**      **Disc**

**Rear brakes**      **Drum**

**Number of doors**      **4**

**Number of seats**      **5**

**Seat material**      **Fabric**

**Reverse camera**

**Reverse sensors**

**DVD Player**

**Rear Hard Top**  
**Canopy**

**All Alloy Wheels**
